What motivates us?

With over 20 years' experience in all facets of lending, and being an avid horse lover for longer, I pride myself on the ability to change our client's lives forever. Something I have discovered over the past few years is a gap in the market regarding finance for anything equine in Australia. Not only do the banks and non-bank lenders have no appetite for this kind of business, they also had no understanding of it on all levels, which made it even harder to obtain an approval for our clients when it comes to their equine needs.

It was then I decided something needed to change and Equine Finance Solutions, a subsidiary of my existing business Infinite Lending Solutions Pty Ltd, launched on the 1st August 2016 with our aim to be the leading Equestrian Lending Specialists. Infinite Lending Solutions and Equine Finance Solutions head office is located in the picturesque Fleurieu Peninsula of South Australia.
