

# The Solution

The quality alternative to synthetic jumping saddles. Feel how much easier it is for your horse to recover his stride after landing and have a more consistent pace. The Solution® features an elongated balance point to allow riders to find their perfect balance over any fence. All County saddles are handcrafted using the World's finest leather, laminated beechwood trees for feel and comfort and flocked with 100% pure wool (no preformed synthetics). See what an incredible difference natural makes.
