Designed to insure the most stable and effective leg position you have ever felt.

The Velocity is the worlds first Mono-flap jumping saddle with the versatility of traditional dual flaps. This totally unique design combines the unparalleled close contact of all of County's Next Gen mon-flap saddles, but unlike most mono-flaps, allows the mounted rider to reach down, lift the flap, and adjust the girth as most riders are accustomed to doing. With the Velocity you can use either a long or short girth, and it can be ordered with adjustable or fixed knee rolls. Don't a waste anymore time trying to find the perfect jumping saddle, add Velocity to your search.

ALL COUNTY "Next Gen" Jumping Saddles are available in the following sizes & colors:

Seat Size: 16,16.5, 17, 17.5, 18, 18.5

Tree Sizes: N, MN, M, MW, W, WXW, XW

Leather Colors: Black or Brown

Leather Prints: Dollar, Jumbo or Smooth Print
